Beautiful embroidery
that's a pleasure
to create

Large embroidery projects in a short time

If you've been thinking about adding an embroidery-only machine to your existing sewing machine, you should consider the Innov-is NV800E.

You will be creating beautiful embroidery in no time with its large 260 x 160mm embroidery area, 138 built-in embroidery designs and speeds up to 850 stitches per minute. You'll also be sure to love the design editing features that give you the ability to resize, rotate, reposition and combine designs with ease. With many great features and included accessories, get ready to embroider all your projects fast and easy!

Key features

- Manage all the functions on the 3.7" colour LCD touch screen display and the touch sensor keypad.
- Editing features include layout, combine patterns, pattern rotation, size, mirror imaging and more.
- Preview your designs in full colour with zoom view to see every detail of the design.
- Select from 18 built-in languages.
- Large 260mm x 160mm embroidery area gives you the space for large intricate designs.
- 850 stitches per minute embroidery speed for fast and accurate embroidery.
- Automatic embroidery pattern suggestion. Select the required frame size and the Innov-is NV800E will highlight only the available patterns that will fit the selected frame.
- Automatically adjusts thread tension.

Features and functions

Built-in embroidery designs

138 built-in embroidery designs including floral, seasonal, animals and much more.

Fast-font editing

Easily edit text to suit your project. Designs can be arrayed; size, space and font can all be adjusted for each letter to give complete control.

Frame shapes

10 frame shapes and 14 border styles to allow those extra finishing touches to your embroidery.

Embroidery design created with PE-Design

Advanced needle threading system

Simply follow the thread guide, lower the lever and the needle is threaded for you.

11 built-in font styles

Add a personal touch to your projects with a wide variety of built-in fonts. Ideal for monograms, names, sentiments, etc.

USB port

Connect a USB device such as a memory stick or a card reader/writer and load your embroidery design directly to the machine.

Bring colour and style to life

With the Innov-is NV800E, if you can dream it, you can design it – very fast. Add colour and style to everyday items, such as cushions, quilts and lampshades. Explore your inner artist.

How about animal-print embroidery? With the Innov-is NV800E, you can transform a dull, single-coloured fabric with an embroidered, built-in animal design. Choose from zebra or leopard. Floral and seasonal patterns are also possible.

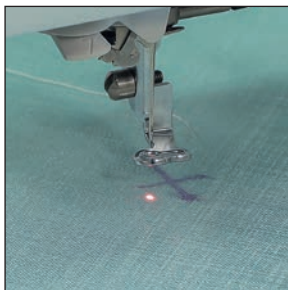

Included accessories

The Innov-is NV800E comes with a wide range of accessories:

- Seam ripper
- Bobbin
- Needle set
- Cleaning brush
- Spool cap (large, medium, small, mini)
- Spool net
- Scissors
- Set of screwdrivers
- Embroidery foot "U" (on machine)
- Embroidery hoop 260 mm x 160 mm
- Embroidery sheet 260 mm x 160 mm
- Embroidery under thread
- Dust cover
- Power supply cord
- Accessory bag
- Operation manual
