

evolvé overlocker

The Baby Lock Evolve is an eight thread overlocker/coverstitch machine that takes your creativity to new levels. This 2-in-1 machine offers an amazing variety of coverstitch and overlocking options. You can also combine overlock and chain stitches to form expressive 8 thread stitches.

The Evolve has all the patented features you would expect on a Baby Lock including Jet Air Threading, Automatic Thread Delivery, tubular loopers, ability to chain off and much more. There is no need to worry about keeping track of eight threads - the Evolve can be threaded in any order.

Converting the Evolve from overlocking to coverstitch and back is an easy 4 step procedure. With the vast range of stitches available your creativity is limited only by your imagination.

INSTANT JET AIR THREADING:

Simply push the lever and air blows the thread through the tubular loopers! Threading loopers made easy by Baby Lock.

AUTOMATIC THREAD DELIVERY SYSTEM:

This system eliminates tension. It delivers a selected amount of thread to form a balanced stitch regardless of fabric or thread type. Changing stitches is as simple as ABCD.

TUBULAR LOOPERS:

Allow the Evolve to be threaded in any order. Threads no longer tangle as they are not exposed. No more thread guides, no more threading problems.

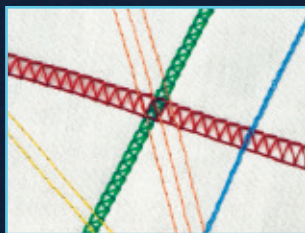

COVERSTITCH CHAIN OFF:

Baby Lock makes finishing coverstitch easy with the ability to chain off.

CHAIN & COVER STITCHES:

The Evolve features a 6mm triple and wide coverstitch, a 3mm narrow coverstitch and a decorative chain stitch.

EVOLVE FEATURES:

- Jet Air Threading – All loopers thread in a breeze
- Automatic Thread Delivery system (ATD)
- The ability to continually chain off with coverstitch needles
- Overlocking options using 2 to 8 threads resulting in 58 stitch options
- Coverstitch Options: triple coverstitch, double wide (6mm), double narrow coverstitch (3mm) and a single chain stitch
- Overlock stitch functions to seam & encase fabric edges
- Flatlock stitch functions for seaming & decorative effects
- Tubular loopers prevent thread tangling
- Vertical needle system – minimizing needle deflection
- Heavy duty cutting system copes with thick fabrics easily
- Rolled hem adjustment with just a turn of a dial
- Full range differential feed – ranging from 0.6 to 2
- Adjustable stitch width – ranging from 1.5mm to 7.5mm on overlocking, and up to 16mm using coverstitch and overlock combined
- Adjustable stitch length 0.75mm – 4mm
- Easy to follow colour coded thread chart
- Snap-on multi purpose foot including ribbon and tape guide
- Built in thread cutter
- Built in accessory storage
- Safety switches connected to front and side doors and presser foot
- 1500 stitches per minute
- Needle system ELx705CF #12/80 #14/90
- 5 year conditional warranty, parts and labour
- Machine weight 8.3kg
- Made in Japan

OPTIONAL ACCESSORIES:

- Flat Sole foot
- Piping foot 3mm
- Piping foot 5mm
- Gathering foot
- Elasticating foot
- Lace foot
- Blind Hem foot
- Beading foot
- Pintucking foot
- Clear foot
- Coverstitch only foot
- Fabric guide
- Double fold bias binders (7/28mm) and (10/36mm)
- Single downturn feller 6mm, 16mm and 25mm
- Single fold bias binders (7.5/28mm) and (11/40mm)
- Belt loop folder (10/19mm) and (20/38mm)
- Plain hemmer 6mm and 12mm
