Overlocker + Coverstitch

Accolade

The Accolade is an 8-thread overlocker/coverstitch machine with the exclusive wave stitch, giving you 87 stitch combinations. For extra creativity, combine stitches to form expressive and decorative 8-thread stitches.

There's no need to keep track of 8 threads – the Accolade features ExtraordinAir™ threading for instant threading of all three loopers at once or in any order. Accolade also has all the features you'd expect on a Baby Lock including our Automatic Thread Delivery (ATD) System, tubular loopers, automatic coverstitch chain off and much more.

Extraordin
Air™
THREADING

ATD NO TENSION
ADJUSTMENTS

ExtraordinAir™ Threading System for instant Looper Threading

Thread the entire machine
in less than 1 minute

Easily thread the loopers
in any order

Change any thread without
re-threading others

No more worrying
about tangled threads

ExtraordinAir™ Threading completely eliminates the annoying need to thread many points in a specific order for each broken thread or new colour. With our exclusive system, **threading can be completed in less than one minute!**

Simply insert threads into the threading ports, press a button and a blast of air shoots the threads through the tubular loopers – instantly threading the loopers, either individually or simultaneously.

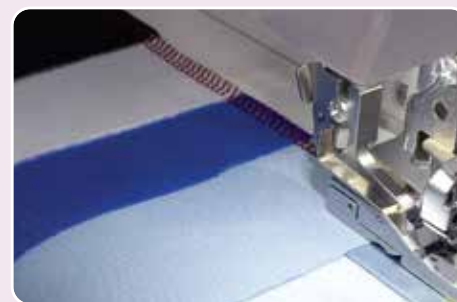

The tubular loopers also prevent the threads from tangling, and by keeping the threads completely separated within the machine, the loopers can be threaded in any order. They also allow you to change any thread without having to re-thread the others.

ExtraordinAir™ with Tubular Loopers allows you to thread in any order and avoid tangles and knots as threads are not exposed.

Automatic Thread Delivery (ATD) System

Accolade takes the tension out of overlocking by removing the need to manually adjust tensions, for a perfectly balanced stitch always. The ATD System delivers the required length of thread for a balanced stitch, rather than putting tension on the thread itself. You simply select A, B, C or D depending on the stitch desired – letting you overlock continuously across any fabric with any type of thread without skipping stitches.

6mm Presser Foot Height allows you to easily work with thicker fabrics.

Automatic Rolled Hem via a simple dial retracts the built-in stitch width finger.

Coverstitch chain off makes starting and stopping your coverstitch easier than ever.

Coverstitch – triple, wide (6mm), narrow (3mm), chain stitch, plus reverse coverstitch & chain stitch.

Exclusive Wave Stitch to take your creativity to new levels.

True 2 to 1 Differential Feed ensures more consistent gathering of fabrics and compensates for stretch distortion on your knits.

Other features

- 3 LED Lights
- Vertical needle system minimises needle deflection and breakages
- 4, 3 & 2 Thread overlocking
- Up to 1,500 stitches per minute
- Presser foot pressure adjustment screw
- Heavy Duty Cutting System easily cuts through thicker fabrics
- 16 Optional accessory feet
- 13 Optional accessory attachments
- Machine weight 9.5kg

Unrivalled Quality, Durability & Peace of Mind

Baby Lock machines made in Japan are renowned world-wide for their outstanding innovation, technology, build quality and durability, giving us the confidence to offer you a 5 year conditional parts and labour warranty.
