## Computerised Sewing Machine

Sturdy and reliable, the NS15 is easy to use with practical features that will save you time and offer you years of sewing on sheers, stretch, denim and quilting cottons.

- 16 stitches including 3 buttonhole styles
- Built-in needle threading with one-step action
- Quick set horizontal bobbin with see-through cap
- Seven point feed dogs for smooth fabric management and superior stitch quality

## Easy to use functions

### Central controls

Handy central controls help to make sewing easy. The electronic touch pads provide fingertip control of stitch functions.

### LCD display

See at a glance the information about your stitch. Length, width and type of presser foot required are all clearly identified on the LCD display.

### Quick set bobbin

Simply drop in a full bobbin, thread in the direction of the arrow and you are ready to sew. The see-through bobbin cover is an advantage; you can check bobbin status so you know when you need to change the bobbin.

### LED sewing light

Light your workspace effectively with the LED light. It uses less power than a traditional bulb and lasts the life of the machine.

### Automatic needle threader

Needle threading is quick and simple with a one-step action.

### 7-point feed

Extra teeth ensure a smooth feeding action and superior stitch quality. Sew with accuracy on a variety of fabrics from sheer silk to denim.

### Speed control

The slide control has two functions. It can be set from slow to fast to ensure you always sew with safety and accuracy, particularly on intricate detail or curves.

### Accessory compartment

All machine accessories fit neatly in the storage compartment. There are 5 included feet for your utility sewing and decorative stitching.
