PR1X

The ultimate collaboration for endless creations

The Entrepreneur One PR1X is built with makers like you in mind. It's a machine that you can do a lot with. It's a single-needle free-arm embroidery machine that's incredibly versatile. Embroider on the large 8 x 12 inch (200 x 300mm) embroidery area, and enhance your projects with a wide range of fun and unique built-in fonts and designs. With the innovative Crosshair 2-Point Positioning Laser, see where the needle will drop for precise positioning of your designs.

&you

A single-needle dynamo.

The Entrepreneur One PR1X single-needle embroidery machine gives you the flexibility and ease to embroider difficult to reach areas like caps, sleeves, and bags.

Generous Workspace

The Entrepreneur One PR1X has a generous 8" x 12" (200 x 300mm) embroidery area for large projects, like jacket backs and pillows. Included with the machine is a set of 2 embroidery frames: 8" x 12" (200 x 300mm) frame and 4" x 4" (100 x 100mm) frame.

LED Lighting

See the crisp colors of your designs and eliminate shadows with the customizable LED light.

Crosshair 2-Point Positioning Laser

Get precision accuracy with the Crosshair 2-Point Positioning Laser which will light up your fabric to see where the needle will drop for all your projects. Accurate to +/- 0.5 mm from needle drop with materials up to 1 mm thick, the Crosshair 2-Point Positioning Laser has a long vertical axis (20mm), which makes it highly accurate for placement, even if you hoop your items crooked.

Be more productive with time-saving conveniences.

Vertical Bobbin

Easy bobbin changes without removing your hoop.

Automatic Needle Threading System

Thread the needle in seconds with the press of a button.

Side Bobbin Winding

Save time while you embroider! With the side bobbin winder, you can wind a new bobbin while the machine is embroidering.

Easy Thread Colour Changes

Tie the next colour thread to the existing one and pull all the way through to the needle. This is made easy with the 4-spool thread stand!

Large 7″ HD LCD Display

Enjoy large defined icons, thumbnail size selector, color navigation, scrolling menu, and swipe capability. On-screen editing and letter input is a snap. Input multiple lines of text or lettering and insert graphic elements, all with the capability to edit. Rearrange words or phrases, combine selected words, change the style and size of individual letters, and even change the font style of a whole line. Easily align text Left, Center, and Right.

Built-in Embroidery Designs

Create something new with 495 built-in embroidery designs, ranging from stylish wildlife motifs and funky alphabet styles to traditional appliqués.

Funky Fonts

The list of fun built-in fonts includes 25 regular-sized fonts, 4 small fonts, 1 super small font, 2 Cyrillic fonts, and 1 super cool 3D font.

Extensive collection of designs and fonts at your fingertips.
